Sara Starkey Skin Care Specialist "It sounds cliché but seeing the smiles on my clients face when they are relaxing in a facial, just had their brows redefined, or when clearing up a skin concern is priceless!" Sara has been a licensed esthetician for nine years. Over the years, she has broadened her perspective and approach to skin health. Sara has integrated more advanced treatments so clients can enjoy a classic relaxing spa experience while receiving dramatic clinical results. She has spent the last three years managing a small spa and wellness center in Dublin which has given her additional insight and experience in her field as well as learning the business and development^ side of the industry. Sara specializes in full body waxing and brows, but her passion is advanced skin care treatments and studying the science behind effective active ingredients.

Sara's Secret Weapon or Industry Tool: Honestly, it's education and training, hands down! The skin care industry is constantly developing it's technology and ingredients and I owe it to my clients to always make sure I am offering the best and am able to educate them along the process. Sara's Morning Routine: I always cleanse my skin twice with Obagi's gentle cleanser followed by Skinceuticals C E and Ferulic serum for added sun protection and antioxidants (love this stuff!). Then, I apply Obagi's Hydrate and lastly a broad spectrum sunscreen. As far as makeup, I try to keep it mineral based like Bare Mineral's or Jane Iredale. Sara's Evening Routine: I cleanse once with Obagi Gentle cleanser while using my Clarisonic to get any remaining makeup and oil. I use Skinceuticals Resveratrol B E serum and finish again with my Obagi Hydrate. How Sara Spoils Herself: ^ I haven't been at Yudu long but I can say I've already been taking advantage of having accessibility to the best the beauty and wellness industry has to offer in town! If I were to narrow it down however, you can usually find me in the massage room! Sara's Favorites
